Blackrock Clinic invites you to an Educational Symposium to mark the launch of the Hybrid Endovascular Theatre for Vascular Surgery

Vascular Surgery
An Image of the Future

Saturday 9th November 2013 from 8.30am at Blackrock Clinic

CME /CPD points have been applied for
Mr Sean O Neill
Consultant Vascular Surgeon
St James’ Hospital & Blackrock Clinic

Sean O’Neill graduated from University College Cork in 1992. He was awarded his FRCIS in 1995 and obtained an MCh in Inflammation and Pancreatitis in the Mater Hospital and UCD. He completed higher surgical training in Ireland and was awarded his Intercollegiate Fellowship (FRCIS Gen Surg) in 2003.

He moved to the Cleveland clinic, USA where he undertook a 2 year fellowship in Aortic and Endovascular surgery under the guidance of Dr Roy Greenberg. In 2005 he returned to Ireland as Consultant Vascular Surgeon in Cork University Hospital and immediately helped set up an Endovascular Programme there. In 2007 he was appointed as a vascular surgeon in St James’s Hospital, Dublin. He has a specialist interest in complex aortic pathology and has been a leader in advancing complex endovascular techniques in Ireland including the first fenestrated aortic grafts, iliac branch devices and a vessel thoraco-abdominal endograft placements in Ireland.

He is the author of approx 20 peer reviewed papers and book chapters in Endovascular surgery and has been a speaker and invited speaker at all of the major international vascular meetings.

Prof Stéphan Haulon
Consultant Vascular Surgeon
Lille

Stéphan Haulon graduated from medical school at the Paris VI University in 1994. He then started a general and vascular surgery residency at the Lille University Hospital prior to a vascular surgery fellowship in 2000. In 2002 he defended his PhD thesis in Biomaterial research.

The same year, he left for a research endovascular fellowship at the Cleveland Clinic Foundation, under the leadership of Dr Roy K. Greenberg. In 2003 he returned to Lille and was appointed as a staff vascular surgeon at the University Hospital. In 2005 he was appointed as Professor in Vascular Surgery, and invited to chair the vascular surgical department in 2009.

His main interest is in aortic surgery and especially in the endovascular treatment of complex aortic aneurysms such as thoraco-abdominal aortic aneurysms. Since 2009, he has been co-director of the European Vascular Course.

Ms Tara Mastracci, MD
Assistant Professor of Surgery,
Cleveland Clinic Lerner College of Medicine, Case Western Reserve University

Tara Mastracci, MD, is the staff of the Department of Vascular Surgery in the Syed and Arnold Miller Family Heart & Vascular Institute at Cleveland Clinic. She also is Assistant Professor of Surgery at the Cleveland Clinic Lerner College of Medicine, Case Western Reserve University.

Ms Mastracci holds a medical degree and a Master’s degree in Health Research Methodology in clinical epidemiology and biostatistics from McMaster University, Hamilton, Ontario, Canada. She completed a General Surgery residency and a fellowship in Vascular Surgery there before coming to Cleveland Clinic in 2007 as an aortic/endovascular fellow.

She was appointed to the Cleveland Clinic Vascular Surgery staff in 2008. Her special interests include endovascular surgery, aortic aneurysm repair and aortic dissection.

Ms Mastracci has co-authored more than 30 articles on aortic disease, including complex endovascular surgery, repair of aortic dissection and aortic aneurysm repair. She has lectured on endovascular repair for aneurysms and aortic dissection at several notable medical conferences, including the Society for Vascular Surgery 2009 Annual Meeting in Denver, Chairing Cross Vascular Conference in London, the VEITH Symposium and as an invited lecturer at many international symposiums.

Mr Prakash Madhavan
Consultant Vascular Surgeon
St James’s Hospital & Blackrock Clinic

Mr Prakash Madhavan graduated from the University of Madras in 1985. He completed his surgical training in the UK and Ireland, becoming a fellow of the Royal College of Surgeons in Edinburgh and Glasgow in 1990. He was awarded the Inter-Collegiate fellowship in General Surgery in 1991.

He trained in many vascular units throughout Ireland and developed a keen interest in endovascular surgery. He was appointed Consultant Vascular Surgeon in St. James’s Hospital in 2000. Since then he has advanced the role of endovascular surgery and has expanded the programme to the treatment of thoracic aortic disease working in close conjunction with colleagues in Cardio-thoracic surgery and Cardiology. The unit in St. James’s Hospital is renowned for its teaching ethos and is the premier training unit in Ireland.

He has also been very involved in setting up a skills laboratory in St. James’s Hospital. He served as a Council member of the Vascular Surgical Society of Great Britain and Ireland from 2007 – 2009. He is currently the head of the department of Vascular Surgery at St. James’s Hospital.

Mr Tim Resch
Consultant Vascular Surgeon
Malmo

Timothy Resch completed his medical school degree at Lund University in 1997. He took an early interest in Vascular Surgery and endovascular techniques and started working as a research fellow with Professor Krassi Ivancev in Malmo in 1995. Mr Resch completed a PhD thesis on endovascular aortic repair in 1999 and continued doing research in the field in parallel with his training in General Surgery.

After finishing his General Surgery residency he moved to Cleveland in 2004 to complete the Margret A Smith fellowship in aortic surgery under the guidance of Roy Greenberg, Dan Clair and Lars Svensson. Mr Resch returned to Sweden to take up a consultant position in Vascular Surgery at the Vascular Center in Malmo in 2005. In Malmo he has continued to do research focused on endovascular aortic repair and advanced imaging techniques. He became Associate Professor of Vascular Surgery at Lund University in 2008 and currently holds the vice Chair at the Vascular Center in Malmo. Mr Resch has published numerous peer reviewed articles and book chapters in the field of vascular surgery and is on the editorial board of several major vascular journals. He is also an investigator in several trials in endovascular aortic repair.

Dr Hicham Kobeiter
Consultant in Interventional Radiology
Paris

For the past 15 years I have been working as an Interventional radiologist at a university hospital CHU Henri Mondor Creteil France. For the last 6 years I have been the chief of the Vascular and Oncology Interventional unit in the Radiology Department

My clinical and research topics are: aortic and aneurysmal pathology, multimodality image guided therapy.

Hospital and university functions:
1995: Chief resident CHU Henri Mondor
1996-2001: Fellowship CHU Henri Mondor
2001-2002: Post-doc. Research Fellow Department de radiology, Interventional Radiology Unit, Johns Hopkins, Baltimore, USA
2002-2007: Associated Patrician Department of radiology: service d’Imagerie Médicale, Hospital Henri Mondor, Creteil
2007-2013: Full Professor: Professeur des Universités – Hôpital Henri Mondor, Creteil “PUPH”

Current activities:
University: Coordinator of radiology teaching “Université Paris XII, Creteil” Hospital: Chief of the interventional vascular and oncology radiology
service d’Imagerie Médicale - Hospital Henri Mondor, Creteil
